ELMER

BOBST

LIBRARY

a pocket directory

---

---

The Reference

Desk

is your go-to place for  
answers of

any size.

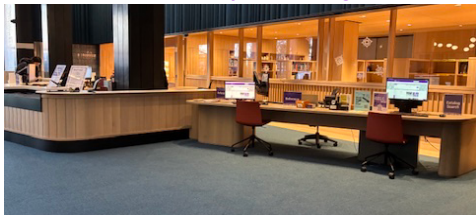

If you're **working from home**,  
you can also chat with a librarian  
online through Ask a Librarian on  
our website. (scan QR code on  
the back!)

---

---

Stop by in the Floor 1 atrium if you want real-time help from a human who actually knows things.

**How to find it, you ask?** When you enter Bobst library, turn left and it's the desk closest to the elevators!

# ★ SPARK Lab ★

in the **5th Floor South Wing** is  
where all the fun tech lives.

You can prototype, **try out AI tools, record a podcast, make videos, play with VR, cut things out on the Cricut machines or experiment with digital storytelling.** If it's creative or experimental, it probably happens there.

Need a book that's  
not available  
**in Bobst?**

---

**01.**

**EZBorrow** lets you request  
copies from partner libraries  
across the country.

**02.**

**Interlibrary Loan** pulls all  
types of materials from  
libraries all over the world, so  
you can get scans, chapters,  
articles or even full books that  
are not available on campus.

# GET COM

**for research:**

**LibGuides can save you hours.**

Librarians have already pulled together articles, sources and starting points for almost any topic (<https://guides.nyu.edu/>)

**OR book a consultation with one of our subject librarians** who can help you reach your research goals!

# CONNECTED !

**for fun:**

Bobst always has something  
on going on: exhibitions,  
workshops & other events are  
in our **libcal**  
(<https://nyu.libcal.com/>)

If you want to see rare or  
archival materials up close, you  
can make an appointment with  
the Special Collections Gallery.

All the links  
mentioned in  
the zine are  
available via  
our link tree!
